

Access up to £10k of funding for you – and your members

If you're an employer or specialist federation with less than 100 employees, you can apply now for up to £10k for the delivery of skills and training with CITBs Skills and Training Flexible Fund.

Funding is up-front to help small organisations like yours get the training you need, when you need it. To help, CITB has created this pack with everything you need to apply in one place.

Skills and Training Application e-Pack

The Skills and Training fund option (up to £10k)

- a quick and simple, single stage application
- apply using your phone, tablet or computer
- payments up-front so you can train when you need to
- helping small employers access the training they need, when they need it
- helping Federations deliver the skills your sector needs

Discover how the funds are being used, and what has been achieved.

Available to employers with less than 100 employees and specialist federations not currently involved with a live Structured or Flexible funded project.

Book onto our webinar, exclusive for Federations and your members to discover:

- how to apply
- what we fund
- application good practice
- ask questions of the CITB funding team.
